

Weddy – New Application Concept

Islamic Wedding Planning Application

1. The Idea

Weddy is an all-in-one mobile application designed to help couples plan and prepare for an Islamic wedding from one place. The application connects couples with suitable wedding-service providers while helping them plan, compare, book, save money, and manage their wedding budget. The main difference is its focus on Islamic-friendly wedding services and celebrations, including options that avoid music and other services that may not fit the couple's preferences.

2. Target Customers

- Engaged couples planning their wedding.
- Couples looking for Islamic-friendly wedding services.
- Families helping couples organize and finance the wedding.
- Wedding-service providers who offer suitable services.
- Users who want to organize their wedding while managing their budget and savings.

3. Main Features

Service Marketplace: Wedding venues, dresses & suits, makeup & hair, photography, decoration, flowers, cakes, invitations, rings, transportation, and Islamic-friendly entertainment options.

Search & Filters: Search by location, price, rating, service type, availability, and Islamic-friendly requirements.

Compare: Compare vendors based on price, rating, services, and features.

Booking: Book services and pay a deposit or the full amount.

Budget Planner: Set a total wedding budget, divide it into categories, and track paid, planned, and remaining expenses.

Saving Goals: Set a target amount and deadline, with weekly or monthly saving calculations.

Gam3ya: Create or join a rotating savings group to help reach the wedding budget.

Checklist & Timeline: Organize tasks and show what should be completed months or weeks before the wedding.

Couple Account: Both partners can access and manage the budget, checklist, vendors, bookings, and wedding decisions.

4. How Will Weddy Make Money?

Booking Commission: Weddy takes a percentage from every successful booking made through the application.

Vendor Subscription: Vendors pay a monthly subscription for premium profiles, better visibility, analytics, and additional tools.

Featured Vendors: Vendors pay to appear in featured positions inside the application.

Advertising & Offers: Wedding businesses promote offers and campaigns inside the app.

Premium User Plan: Couples pay for advanced planning, budgeting, saving, comparison tools, and exclusive offers.

5. What Makes Weddy Different?

Islamic Wedding Services + Planning + Budgeting + Saving + Booking

Weddy combines a wedding-services marketplace with planning and financial tools, while focusing on Islamic-friendly wedding needs.
